BEAUTIFUL

A close-up photograph of a modern, minimalist wooden bedside table. The table is made of a light-colored wood with a visible grain. It features a rectangular top with a single drawer on the right side, which has a simple, horizontal wooden handle. Below the top is a flat wooden shelf. The table is supported by four thin, slightly tapered legs. To the right, a portion of a bed with white linens is visible. The lighting is soft and directional, coming from the left, casting a shadow on the wall behind the table.
